

Features – Image Server 2.5 (BOX)	DeLight	DeLuxe
General:		
Web-based application	•	•
Runs on standard internet browser	•	•
All formats supported	•	•
Automated redundancy detection	•	•
Editing of meta data over internet	•	•
Batch jobs	•	•
Support of IPTC/EXIF information	•	•
Optimized fast search engine	•	•
Individual search for meta data	•	•
Multi-level search functionality	•	•
Multiple language support	•	•
Cataloguing in background and over web	•	•
Integrated order management incl. multiple baskets	•	•
Enhanced user authentication	•	•
Box model for installation on Windows Server	•	•
Unlimited clients	x	x
Statistics and user records	x	x
Grafical user interface:		
Intuitiv handling of file structure	•	•
Visibility of menu structure rights managed	•	•
User defined language settings	•	•
Simple HTTP import/export	•	•
Unlimited meta data input fields	•	•
Automated conversion into Zip format	•	•
Adoption of GUI to existing corporate design	x	•
Image editing:		
Preview of QuickTime, Flash-Movies and Windows Media Video	•	•
Preview support for: JPEG, PNG, BMP, GIF, PDF, TIFF, EPS, PSD, AI, SVG, SVGZ, WMF	• ¹⁾	• ¹⁾
Convert images into: JPEG, PNG, BMP, GIF, PDF, TIFF, EPS, PSD	○	• ¹⁾
User-defined conversion filter creation	○	•
Image editing (flip/rotate/resize)	•	•
Customizable watermarks	•	•

• included ○ not included x extra costs

¹⁾ vector formats should be tested before.
